## Communiqué from “Al-Qaida’s Committee in Palestine” April 13, 2006

“Al-Qaida’s Committee in Palestine... praise be to Allah who has honored the Palestinian people with jihad and patience... Following the path and guidance of our prophet and his righteous followers—as as an oath to our Mujahid Shaykh Abu Abdullah Usama Bin Laden—we announce the establishment of Al-Qaida’s Committee in Palestine and we ask Allah to grant it success in seeking the path of justice and victory against the occupying enemies of Allah—the crusaders and Zionists.”

“Your mujahideen brothers in Palestine bombed the al-Majdal area using an Azzam-1 rocket which hit a power station and an oil reserve, which constitutes more than a third of the Zionist oil reserve. The rocket landed near the station and resulted in the death of two Zionists, based on Zionist news reports. The operation was kept in secret until now in order to insure the safety of our mujahideen brothers. We proudly declare the initiation of our attacks and we inform the Zionist enemy to expect more innovative operations. Let the world realize that jihad in the cause of Allah will not be stopped by borders and walls. We inform our brothers that we keep our doors open to all brothers who want to declare jihad in the cause of Allah, and we ask all the mujahideen to strike every last inch of occupied land with a Zionist on it... Allahu Akhbar, and may victory come to Islam and the mujahideen.”
