“The following is a brief summary of our primary objectives:”

“1.) Victory to Islam and to the Muslims—and there will be no victory for those who do not support Islam...”

“2.) Fighting the enemies of Allah and blocking the path of the hypocrites... The only way for Allah to be victorious is by battling the infidels.”

“3.) Providing information and communiqués regarding the ideology of the mujahideen and their course of action. Additionally, responding to the lies and fabricated facts broadcast by the Saudi-American media.”

“4.) Educating the nation about the definition of faith and truth, and alerting it to hypocrisy and sin—things that we ask Allah to protect us from.”

“5.) Publishing the sayings of the mujahideen, as well as, publishing what we have to say about them—including their planning and jihad.”

“6.) Fighting against those who promulgate lies, and those who follow al-Zalafi... Although we have not done anything to them yet, their time is very near.”

“This is everything we wanted to express in our first official statement. In the upcoming days, with the help of Allah, we will provide complete coverage of ongoing events in the region.”

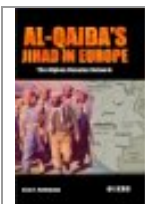

“Our upcoming releases:”

“1.) ‘This is our ideology’ - written by Shaykh Abu Abbas al-Zulfawi. This publication will be a message in which the Shaykh clarifies the ideology of the mujahideen. It includes his definition of who really qualifies to be a Sunni.”

“2.) An audio recording of commander Abdulrahman al-Miteb (wanted by the Saudi authorities for security reasons).”

“3.) A magazine (‘Sada Toweik’): a comprehensive publication brought to you by members of the organization, including sections on religion, education, history, and literature. The magazine will cover al-Tawheed and Islamic law, as well as the history of the Islamic nation and the Arabian Peninsula, the victories of Islam, and Islamic literature. (We ask Allah to help us publish the magazine.)”
