Communiqué from the Ansar al-Sunnah Army in Iraq

December 23, 2004

"An important communiqué from the Media Wing concerning the battle of blessed Mosul."

"In the name of Allah, Most Gracious, Most Merciful:"

"All praise be to Allah, Lord of the Worlds… It is said, 'None forges lies except those who disbelieve the verses of Allah - those, they are the liars.' (Surah an-Nahl, Verse 105)"

"With the support of Allah, your brothers from the Ansar al-Sunnah Army have directed one of the strongest slaps in the face of the crusaders that history will never forget. Allah has enabled one of your martyr brothers (we think of him as such, and Allah is his guide) to infiltrate the enemies of Allah hiding inside their fortresses, entrapping them, and killing and wounding hundreds."

"…The crusaders have held news conferences to explain this attack. They have tried persistently to delude the people and mislead them about the truth. First, they said this was a mortar or rocket bombardment, but then later on, they admitted this was a suicide operation by nearby operatives. We do not understand how they can be so stupid that until now they have not figured out the type of the strike that hit them. Or else, the attack was so painful that they are afraid to reveal the shocking truth."

"Therefore, we declare that the pronouncements of the American officials are incorrect and, if Allah wills it, we will provide you very soon with a statement revealing the complete truthful details behind the battle of blessed Mosul, including the losses suffered by the crusaders. Allahu Akhbar, and the honor goes to Allah, his messenger, and the believers."
