Communiqué from Al-Tawheed wal-Jihad Movement (Abu Musab al-Zarqawi) in Iraq

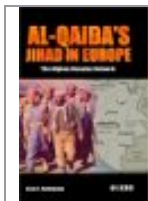

September 12, 2004

“Today, on the morning of Sunday 28 Rajab 1425 (September 12, 2004), dozens of mujahideen missiles were launched against scattered targets, particularly in Baghdad and other Sunni provinces [including] the headquarters of the American command and the treacherous Iraqi government, and some of the embassies of countries allied with them. The mujahideen were distributed in order to hit with an iron fist against the patrols of the infidel Americans and the apostate detachments from the police and army personnel.”

“The lions of al-Tawheed wal-Jihad bombarded the guard headquarters at the Abu Ghraib prison in preparation for a clash with its guards. This is nothing but Allah’s response in supporting the Muslims to free their prisoners... Let this serve as confirmation that the mujahideen still possess the reins of initiative, and the ability to surprise their enemies, hitting their fighters and strategic installations at the suitable time and place that Allah wills. And we will provide you information about these operations at the nearest suitable opportunity. Allahu Akhbar, and the honor goes to Allah, his messenger, and the mujahideen.”
